# Innovative and continuously changing Ahlstrom-Munksjö – Key success factors in IT management

KRISTIINA LAMMILA, CIO, 12.11.2020

## Ahlstrom-Munksjö

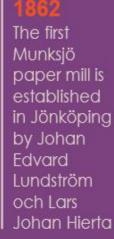

### History of Ahlstrom-Munksjö

Over 160 years of industrial leadership

Antti Ahlström starts his business

After Antti's death, his wife Eva Ahlström becomes one of the first female industrialists in Finland

A. Ahlström Osakeyhtiö is established

### The first listing of Munksjö AB shares on the Stockholm Stock Exchange

Ahlström's internationalization starts through acquisition in Turin, Italy

**Ahlström** focuses on specialty papers and fiber solutions by divesting fine paper and paper machinery businesses and acquiring e.g. Sibille-Dalle and Dexter businesses

### History of Ahlstrom-Munksjö

### Constantly re-imagining fiber

### 2006

Ahlstrom Corporation listed on Nasdaq Helsinki

### 2017

Ahlstrom and Munksjö merge into Ahlstrom-Munksjö

#### 2019

We continue to imagine fiber in a sustainable manner

### 2011

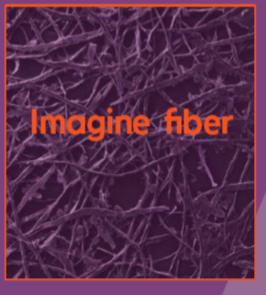

Munksjö purchases ArjoWiggins' decor, thin print and fine art paper, and abrasive backings businesses in France and Germany

Ahlstrom's label and processing business merges with Munksjö

Expera and Caieiras acquired to strengthen regional growth in North and South America

### 2001

Ahlström demerges into Ahlstrom Corporation, Ahlström Capital Oy and A. Ahlström Osakevhtiö

Osakeyhtiö
Public

### Global leader in sustainable and innovative fiber-based solutions

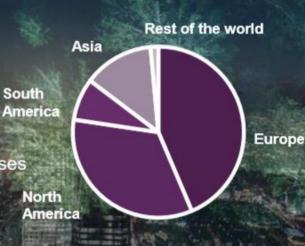

- Fibers are at the core of what we do and the common denominator for our products and solutions

& Furniture

Health Care & Life Science

> Consumer Goods

### Leading positions in chosen growth segments

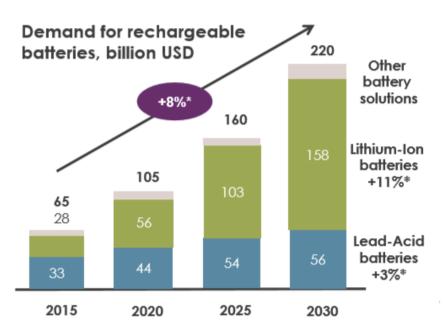

# Entering the energy storage market – First product launch in Q3/2020

- Ahlstrom-Munksjö FortiCell® a platform of fiber-based energy storage solutions
  - Complete range of fiber-based solutions for lead acid batteries as the first launch in Q3/2020
  - Further product launches to come
- Fiber-based materials play an essential role in the performance and development of advanced energy storage technologies. Materials are mainly used as separators in energy storage applications such as batteries.
- Electricity is the fastest growing source of energy and demand for energy storage is expected to grow significantly, driven by:
  - vehicle electrification
  - shift towards renewable energy
  - increasing demand of stationary applications
  - effective electricity supply chain management
- Demand for rechargeable batteries is estimated to double in the next
   10 years
- Ahlstrom-Munksjö offers extensive expertise in cellulose, microglass and specialty nonwoven materials

### Recommended tender offer for all Ahlstrom-Munksjö shares

### Tender offer for Ahlstrom-Munksjö shares

On September 24, 2020, a consortium consisting of Ahlström Capital, funds managed or advised by Bain Capital as well as Viknum and Belgrano Inversiones made a public recommended cash tender offer for all shares in Ahlstrom-Munksjö. At the completion of the tender offer, Bain Capital is expected to indirectly own 55%, Ahlström Capital approximately 36% and Viknum approximately 9% of the shares in Ahlstrom-Munksjö.

#### BACKGROUND AND STRATEGIC RATIONALE

- The consortium believes that under private ownership Ahlstrom-Munksjö will be best placed to
  fulfil its potential from its diversified product portfolio, substantial technical know-how as well
  as its leading positions in attractive niches. However, the consortium recognises that the sector
  is becoming increasingly competitive.
- The consortium intends to invest significant time, resources and capital to support the
  company's strategy for long-term profitable growth, to maintain and further strengthen the
  company's existing market positions in its core areas, as well as to invest in new business
  opportunities. Under private ownership, the company would be ideally positioned to invest
  further and faster in initiatives to support organic growth as well as benefiting from additional
  expansionary capital expenditures and acquisitions to strengthen selected areas of the
  portfolio.
- The consortium believes that Ahlstrom-Munksjö, in a private setting, will more effectively
  manage all above mentioned initiatives as well as current market challenges as management
  can devote its full attention to business performance without the constraints imposed by its
  current balance sheet and the public market.
- The consortium is well-positioned to support the transformation of the company due to Bain Capital's considerable experience in the industry and distinctive approach to investments, working alongside management in the pursuit of long-term strategic goals, with the benefit of continuity from the families' prominent participation in the consortium. Together this unique group of investors is best equipped with the appropriate long-term investment horizon, expertise and capital required to realise Ahlstrom-Munksjö's potential.
